

Spring 2021, Math 522: Preliminary Problem Set 14
Due: Thursday, April 29th, 2021
Additive Number Theory

Preliminary problems. These should be submitted to Gradescope before Thursday discussion.

(P1) Find all 7 (not necessarily minimal) zero-sum sequences over \mathbb{Z}_5 of length 3.

(P2) Determine which of the zero-sum sequences in the previous problem are minimal.
